The following excerpts are taken from University of Colorado Administrative Policy Statement 1024, *Approval of Sabbatical Assignments* (July 1, 2020), which provides procedures for implementing Regent Policy 5.C.2.I. The url for the APS is: <https://www.cu.edu/ope/aps/1024>. The Regent Policy can be found at: <https://www.cu.edu/regents/policy/5>.

**II.A** *A sabbatical is a privilege granted by the university for the advancement of the university, subject to the availability of resources. A sabbatical assignment is an important tool in developing academic scholarship and is a time for concentrated professional development. It is expected that the faculty member shall use the sabbatical assignment in a manner that shall enhance their scholarly and/or teaching competence and potential for leadership and service to the university, as well as to advance the primary unit's program goals.*

**II.B** *After six years of service to the university on full-time appointment, a tenured member of the faculty shall become eligible for a sabbatical assignment. In the case of the Anschutz Medical Campus faculty, tenure-track and specialty-track faculty members who have attained the rank of associate or full professor are also eligible for sabbatical assignments after six years of full-time service to the university.*

**II.C** *A tenured faculty member on an appointment of 50-99% is also eligible for a sabbatical after six years of service, but at a proportional rate of pay (based on the average percentage of FTE appointment over the last six years). In the School of Medicine, faculty members on less than 100% appointments may have the interval between sabbaticals adjusted, rather than the salary.*

**III.A** *Eligible faculty members may apply for subsequent sabbaticals after at least six years of additional service to the university, must have filed a report on sabbatical activity . . . , and must demonstrate that they have substantially met the academic goals stated in the previous sabbatical plan.*

<sup>1</sup>For 9-month faculty on the CU Denver campus, completed, signed sabbatical applications for the following academic year are due in the Provost's Office by the first Friday in February. Individual schools and colleges set their own internal deadlines; check with your dean or library director's office. For faculty members on the CU Anschutz campus, deadlines for sabbatical applications are determined by each school; check with your dean's office.

**III.F** *Sabbatical Salary Support.* The dean of the school/college shall ensure that the costs associated with the sabbatical are covered, including teaching replacement expenses. The dean may suspend a sabbatical if funding is not available in the school/college. Remuneration (from university resources such as state funding, university administered grants or contracts, or any other university managed sources) for the sabbatical assignment shall be as follows: for full-time faculty on nine-month appointments, either full salary for one semester or half salary for two semesters; for full-time faculty on 12-month appointments, six months full salary or half salary for sabbaticals of 6 to 12 months duration . . . For nine-month faculty members on 50-99% appointments, remuneration shall be pro-rated. . .

**III.G** *External Funding.* Faculty members applying for sabbatical assignments shall apply for external funding (such as fellowships, grants, or clinical work) when appropriate. The total university salary to the faculty member, from sabbatical pay and any contract or grant administered through the university, shall not exceed university limits.

**III.J** *Return from Sabbatical.* In accepting a sabbatical assignment, the faculty member shall agree to return to the university upon completion of the sabbatical and work for the university for at least two semesters for 9-month faculty and one year for 12-month faculty. Under circumstances in which the faculty member voluntarily terminates their connection with the university within the period of one year after the end of the sabbatical, the individual shall refund the university the amount of the sabbatical salary support provided by the university on a pro-rated basis; this requirement shall be exempted under extraordinary circumstances, such as permanent disability or death of the faculty member, wherein neither the individual nor the heirs shall be obligated to refund any part of the amount paid while the faculty member was on sabbatical. Any exceptions, such as for individual retirement agreements, shall require approval by the dean and the chancellor or chancellor's designee.

**III.K** *Sabbatical Reports.* By no later than the end of the first semester after returning to regular duties, the faculty member shall file a substantive report with their dean describing their work and overall accomplishments during the sabbatical. The dean shall evaluate the report for conformity with the sabbatical plan. Both the plan for the sabbatical and the post-sabbatical report shall be public documents.

**I have reviewed the Regents' laws and policies with regard to sabbatical assignments. In submitting this application, I agree to abide by these laws and policies. I understand and accept that any revision or modification to this Application for Sabbatical Assignment form renders the request null and void.**
